~~Interviewer's own information.~~

The fact that Stefan Tauschitz was Austrian ambassador to Berlin twice is easily explained by his Nazi sympathies which in the meantime have greatly increased. Today he probably holds a high position in the Nazi Party. The British Ambassador in Berlin, Henderson relates in his book "Failure of a Mission" a significant incident. After Hitler had invaded Austria, Henderson called on Tauschitz to express his sympathy, but found the latter was attending a Nazi celebration at this very time.

There can be no doubt that Tauschitz is a definite Nazi.
